

“Several Rubick weanlings caught our eye - they look fast. Our purchase was an outstanding colt and I expect that his sire, well-bred and performed, should be popular with trainers.”

*Tim Stewart, Bloodstock Agent*

“The equation with Rubick is very easy in this part of the world. He is fast, good-looking and exactly what buyers want. The Rubick/Annabels filly was one of the better weanlings that I saw at any sale this year.”

*Sheamus Mills, Bloodstock Agent*

“In my opinion the Rubick/I'm Mary Too colt was the standout in the whole Inglis Weanling Sale. There were a lot of astute judges on him, so I was delighted to get him.”

*Ken Williams, Tarcoola Stud*

“Just like Northern Meteor, Rubick was a fast son of Encosta de Lago, which I think is what you need to make it. The Rubick/Vogalargo colt was a well grown, lovely moving weanling with a great attitude and will mature into a lovely yearling and racehorse later on.”

*Paul Willetts, Bloodstock Agent*

“We were glad to buy a Rubick this winter. They are fast, precocious-looking types and we liked what we saw of them.”

*Marc & Sarah Devcich, Henley Park Stud*
