

Starspangledbanner

Starspangledbanner was a top-class performer in two continents, winning Gr.1 races over 5½, 6 and 8 furlongs. He's showing similar versatility as a stallion, with Group winners from 5f to 10½f, and it is also underlined by the fact that his 28 northern hemisphere-bred Stakes winners are out of mares by 24 different stallions.

His 4-time Gr.1 winner State of Rest is out of a mare inbred 3x3 to **MR PROSPECTOR** and the smart 2YO Castle Star is another with a dam inbred to **MR PROSPECTOR**. Gr.3 winner Hermana Estrella is out of a grand-daughter of **SPEIGHTSTOWN**. **ELUSIVE QUALITY** sired the second dam of Flotus and **RAVEN'S PASS** sired the dam of Exxtra.

HIGH CHAPARRAL sired the dams of Gr.1 winners The Wow Signal and California Spangle and Gr.2 winner Papilio. Starspangledbanner has two SWs out of **GALILEO** mares. His 2023 2YO Group winners Carla's Way and Laulne have dams by **NEW APPROACH** and **MONTJEU** respectively. He also has a Gr.3 winner from a **HURRICANE RUN** mare.

Starspangledbanner's Gr.1-placed Great Wide Open, is out of a **DANEHILL** mare and his Gr.2 winner Carla's Way has a 2nd dam by **DANEHILL**, while his Gr.1 American Oaks winner Rhea Moon has a dam by **FASTNET ROCK**.

PIVOTAL sired the dams of Gr.3 winner Spangled and Australian Gr.2 winner Brooklyn Hustle, and it was Pivotal's son **EXCELLENT ART** who sired the dam of Gr.2 winner Aloha Star.

Starspangledbanner has an Australian Gr.2 winner with a dam by **GIANT'S CAUSEWAY**.

It was an **INDIAN RIDGE** mare which produced his Gr.1 Cheveley Park Stakes winner Millisle.
